

FUNDAMENTALS OF PAYROLL

The Value of Payroll Training

The ***Fundamentals of Payroll*** and ***PayTrain*** programs were designed by the American Payroll Association (APA) to meet the specific educational needs of payroll professionals and those involved with payroll-related businesses.

Both programs combine interactive online learning tools with online or printed textbooks. They are updated annually to include the most recent payroll regulations to ensure that your payroll knowledge is up to date. Rely on *Fundamentals of Payroll* or *PayTrain* to learn about the **significant legislative changes that impact payroll professionals such as the new employee Social Security tax rate for 2011 and Health Care Reform requirements for 2011 and beyond!**
